

VALUELINE

Energy Consumption Monitor 3600 W

General information

Simply plug this energy monitor in a socket and plug in a device up to 3600 W. This will give you an insight in your real-time and accumulated energy consumption. The monitor offers a great variety of different parameters which all help to cut down on electricity bills.

Features

- Voltage, current, power, frequency and power measurement for a detailed insight
- Accumulated kWh, usage time and charging to help cut down on energy bills
- Option to enter 2 different prices per kWh
- Child protection for maximum safety
- Clearly readable LCD display with clock function

Specifications

Monitor function:	Voltage (V)
Monitor function:	Frequency (Hz)
Monitor function:	Ampere (A)
Monitor function:	Power factor (PF)
Monitor function:	Actual Power Consumption (W)
Monitor function:	Accumulative Power Consumption (W)
Monitor function:	Usage Time
Monitor function:	Power Costs
On/off switch:	No
Power:	3600 W
Usage:	Indoor
Usage:	Various
Power plug:	Schuko / Type F (CEE 7/7)
Number of sockets:	1
Socket type:	F (CEE 7/3)
Current:	16 A

Sales information

Order code:	VLMETER01
Product description:	Energy Consumption Monitor 3600 W
Packaging:	Giftbox with eurolock
Brand name:	Valuline

Quantity	LxWxH (mm)	Weight
1	85x70x155	185 gr.
48	280x355x450	9400 gr.

VALUELINE

Energy Consumption Monitor 3600 W

Voltage: 230 VAC

Package contents

1x energy monitor
3x LR44/AG13 (1.5 V) battery
Manual
